

CARENA

Leather

Add a touch of elegance to your home, office or store with the splendidly striking Carena Leather.

The original Carena, a Fichet-Bauché classic, has been redesigned to create this sumptuous safe clad in luxurious leather.

Every detail of the safe has been expertly sculpted to create a sophisticated and novel design, from the transparent fittings to the illuminated interior.

Carena Leather is available in models 40-160, with all the same locking and fittings options as the standard Carena, and, of course, offers the same levels of certified burglary protection.

This is a non-contractual document. The information provided is not exhaustive and may be subject to change.

A Touch of Elegance

Create your own Carena. Choose from a range of luxurious leather door exteriors in chestnut, red, tan, dark brown or black.
